

Stop the Coup - Call Script

**** Information in [] is to give you more context, but does not need to be included in your voicemail, as it may make the message too long to fit on the recording****

Introduction: Hello, my name is [Your Name], and I'm a constituent from [Your City/Town]. I am calling today with deep concern about the urgent threat to our democracy and our national security caused by actions from Donald Trump and Elon Musk. This is not just a set of isolated incidents—it's an ongoing administrative coup that must be stopped immediately. I am asking that Senator/Representative [Name] take **immediate, dramatic action** to address these grave threats.

Key Points to Discuss:

1. **Elon Musk's Access to Federal Payment Systems:**

[Elon Musk has been granted access to most federal payment systems within the Treasury Department computer system! This is an extraordinary and dangerous breach. This gives him undue influence over critical financial operations of the government and must be immediately revoked]

2. **Musk Locking Federal Employees Out of Systems:**

[Musk has locked federal employees out of essential government computer systems, which is a direct attack on the functionality of our federal government. These actions cannot be allowed to continue]

3. **Musk's Access to Government Information:**

[Musk has gained access to vast amounts of U.S. government information. This is an unprecedented conflict of interest, and breach of privacy to Americans, that puts our national security at serious risk, especially when considered alongside Musk's private business ambitions]

4. **Trump's Purge of DOJ and FBI Employees:**

[The ongoing purge of FBI and DOJ employees by Donald Trump is an outright assault on the independence of our law enforcement agencies. This political interference undermines the rule of law and must be stopped before it becomes irreversible]

Call to Action: I am urging Senator/Representative [Name] take **immediate and dramatic action**. Congress must immediately convene an emergency session to shut down any and all access to government assets by Elon Musk. We also need you to access all media outlets to get this information out to the public. This is an unprecedented event and it demands an unprecedented response. This is not just a political issue—it is a national security emergency and a direct attack on the very foundations of our democracy. These actions cannot be allowed to continue unchecked. **We are on the brink of a constitutional crisis**, and it is your responsibility to intervene and protect our institutions.

I expect to hear back soon about the concrete steps you are taking to address this crisis, as we cannot afford to wait. **The time for action is now.**

Closing: Thank you for your time, and I look forward to your swift response. Have a good day.
